

The Minister

Ref: MoH/M/ 269/1111... 1205
Date: 24/11/2015

Dear Mr. President,

As the Ministry of Health we hereby would like to update you about the situation concerning the handover of MAS Hospital.

Following your notification about the organization's financial difficulties to further sustain the hospital from November 2015 MoH is responsible of both economical administration and activities management of MAS Hospital.

To grant the Hospital continuity in terms of high quality services and financial support, from 15th November we nominated Dr Piero Abbruzzese as the Person in charge of MAS Children Teaching Hospital who will relate to the Minister of Health of the Republic of Somaliland for any issue concerning the Hospital.

Dr Abbruzzese also will be the referral person for any further proposal of collaboration with the Hospital, which means that any ongoing and future donations and projects from Associations and Institutions will have to be approved and followed by him.

We would like to thank you for all the commitment and effort you have put in running this hospital for the last 3 years, achieving many outcomes and offering good healthcare to the children of Somaliland.

Yours faithfully,

Hon. Dr Sulieman Essa Ahmed

The Minister of Health

Somaliland, Hargeisa
